TERMS AND CONDITIONS

Additional test methods are available, or customized method development services can be provided. Please discuss these or any project requirements with Your Specialty Analytical Project Manager.

Specialty Analytical's Sample Receiving hours are from 7:00am to 5:00pm Monday thru Friday, except holidays. After hours, weekends and holiday sample receipt by prior arrangement only.

Weekend work for rush analysis or short holding time samples can be performed for additional fees. Please contact your Project Manager for Friday delivery of RUSH samples or short holding time samples to arrange analysis and confirm availability and pricing.

If you are shipping samples via UPS, FedEx, Greyhound, etc., please call or e-mail the tracking number, number of samples and TAT needed. This will allow Specialty Analytical to ensure the samples arrive as expected, or track them if not received. Faxing or emailing this information along with a copy of the chain of custody is also recommended.

Rush results will be available by phone after 2:00pm on the day they are due, unless other arrangements have been made. Please be sure to contact Project Manager prior to sending RUSH samples so analyst and instrument time can be scheduled. Samples received for RUSH analysis without contacting Project Management will be accepted for expedited TAT on a first come basis, pending capacity. Samples received after 3:00pm will not begin processing until the following business day.

Samples received after 2:00pm on Friday, or on Saturday or Sunday, and needing to be analyzed immediately due to hold time or requiring Monday results will be subject to a minimum \$75.00 charge per day, per analyst. An hourly charge may also be assessed for personnel required and project management to complete the requested analysis. Please contact Project Management for complete charges for weekend services, or to schedule services.

Terms are NET 30 days unless other arrangements have been made. Interest of 1.5% per month, or \$2.00, whichever is greater, will be added to all overdue invoices. Please contact Project Management at 503.612.9007 to make other payment arrangements. VISA/MASTERCARD/AMEX/Discover are also accepted. Purchase orders accepted contingent upon prior credit approval.

Second party billing available only upon approval of the credit for the company being invoiced. Samples received without prior credit approval will not be analyzed until credit arrangements have been made. Signing of Chain of Custody, and approval to begin analysis, indicate acceptance of above terms. The persons or entities providing the approval of work commencement assume liability for payment of laboratory fees
